**FOR IMMEDIATE RELEASE**

**Executive Air and CAVU Flight Academy sponsor the first Youth Aviation Adventure in Green Bay**

Youth Aviation Adventure (YAA) is a fast paced single day event, held at Executive Air at Austin Straubel Airport, for youth age 12 to 18. The YAA program is a fun and informative event that explores 10 different stations to learn about many facets of aviation.

The program uses curriculum developed by Iowa State University and run by dozens of volunteer pilots that guide the attendees through several stations in a fast-moving format. They get hands on exposure to real airplane and learn how airplanes fly. They also learn about helicopters in the rotary section, and learn the difference between helicopters and airplanes. They are introduced to the instrument panels and walk through an actual safety inspection.

Kids get to ask questions of aviation professionals about aviation careers in the military, corporate and airline world. They find out what makes a jet engine run and get to listen in on air traffic control as they watch airplane taxiing, landing and departing the airport.

The event is open to all youth and is also attended extensively by Boy Scouts and Girl Scouts of America. This program fulfills the requirements for the Boy Scout Aviation Merit Badge. The YAA fulfills all but one of the Girl Scouts of the USA World of Flight Interest Project.

Everyone is invited to Executive Air and CAVU Flight Academy Youth Aviation Adventure.

The YAA will be held Saturday, October 12, 2013. For only \$5.00, you can pre-register online at [www.cavuflyacademy.com](http://www.cavuflyacademy.com). Registration starts at 8am, the event starts promptly and 9am, ending at 2pm. Lunch is included, courtesy of Executive Air.

For additional information about YAA, please visit <http://www.youthaviationadventure.org>. To learn more about CAVU Green Bay's Flight Academy, visit [www.cavuflyacademy.com](http://www.cavuflyacademy.com)
